

[Their name], since you're saved, let me ask you a quick question. "Have you received the Holy Spirit, with the evidence of speaking in other tongues?" [If "NO," go with script].

Let me quickly share with you five things that the Bible says about why you need this gift. #1, it enables you to pray the perfect will of God. #2, it builds you up spiritually. #3, it gives you power to be a better witness. #4, it gives you direction in life. And #5, it frees you from bondage.

Jesus said, "ask and you shall receive." [Their name], would you like to receive this free gift right now?

Before I pray for you, you need to understand two things. First, you must determine that you will speak. God is not going to force the words to come out. Second, you can't speak in two languages at the same time. You can't speak in Spanish and English simultaneously, neither can you speak in tongues and in English at the same time. Does that make sense to you?

[Their name], if you would like to receive the Holy Spirit, with the evidence of speaking in tongues, just close your eyes and say this after me...

Dear Lord Jesus // I thank you that I'm saved // and you're my Lord // You said that you would give the Holy Spirit // to those who ask // so I ask you right now // to baptize me // and fill me // with the Holy Spirit // right now // in Jesus' name // AMEN. Now [their name], take a deep breath, and after I count to three, begin to speak in tongues. 1-2-3....[Begin to speak in tongues with them].

[After they speak in tongues for awhile, have them stop and start again, so that they know it's in their control]
